

## OUR WINES

**DOMINIC EVOLUTION**  
MERLOT  
SOUTH AUSTRALIA

*A profusion of delicate fruit characters and youthful flavours makes this the perfect companion when catching up with friends and sharing the good times.*

### Tasting Notes

The wine has a medium, garnet colour with aromas of mint, tobacco and eucalyptus with a hint of oak. The palate is medium bodied, with elegant tannins filling the mouth. Complex, aromatic herbaceous aromas combine with blueberry and tobacco characters on the palate.

Great with spiced red meats and pasta dishes.
